

# 1-First sign up from this website:

<https://www.deepl.com/en/signup>

# 2-After you sign up go to this link, You will select DeepL API Free sign up for free button

<https://www.deepl.com/en/pro/change-plan#developer>

**3- Then, start the free plan for usage at no cost. Don't worry, there's no charge for this plan. Your credit card won't be charged unless you manually upgrade to DeepL API Pro. (A small, temporary charge may be applied to verify your card, but it will be refunded.)**

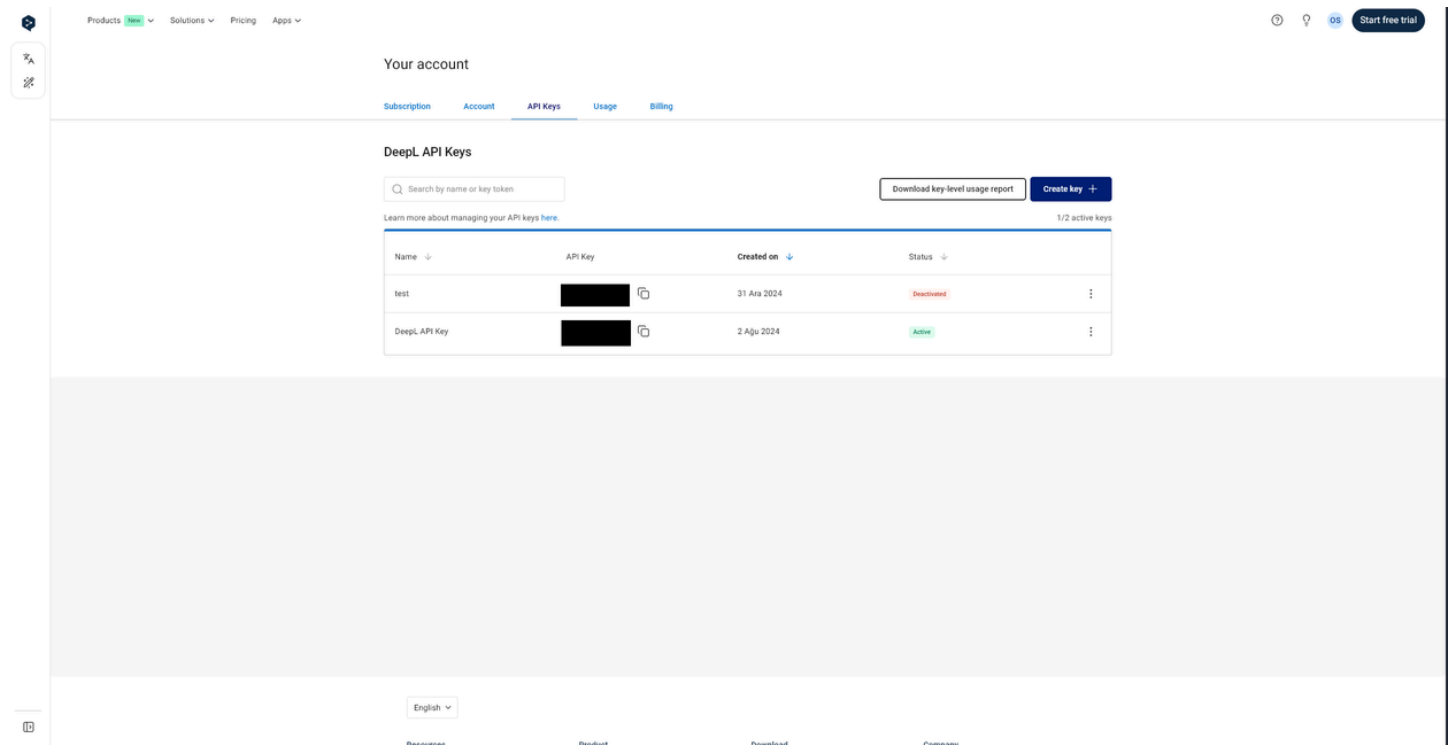

The screenshot shows the DeepL account creation process. It is divided into two steps: '1. Account' and '2. Details'. In the '1. Account' step, there is a message: 'Your subscription to DeepL API Free is completely free.' Below this, there are fields for 'Address' (Country: Turkey, Subscribing for a company?, First name, Last name, Address line 1, Address line 2, Postal code, City) and 'Identity verification' (Credit card, Card number, Expiry date, CVC). A 'Begin subscription' button is at the bottom. The '2. Details' step shows the 'Your selected plan: DeepL API Free' with a 'Subscription fee: free' and 'Max. 500,000 characters/month'. It also includes a note: 'DeepL API Free allows you to translate up to 500,000 characters per month. If you want to translate more, you can upgrade to DeepL API Pro at any time.' There are also social media icons and a 'DeepL outperforms competitors' section.

**4-After you complete signing up to free subscription you will go to <https://www.deepl.com/en/your-account/keys>**

The screenshot shows the DeepL account dashboard. At the top, there are navigation links: 'Products', 'Solutions', 'Pricing', and 'Apps'. Below this, there is a 'Your account' section with tabs for 'Subscription', 'Account', 'API Keys', 'Usage', and 'Billing'. The 'API Keys' tab is selected. Below the tabs, there is a search bar for 'Search by name or key token', a 'Download key-level usage report' button, and a 'Create key +' button. A message says 'Learn more about managing your API keys here.' and '1/2 active keys'. Below this is a table with columns: 'Name', 'API Key', 'Created on', and 'Status'. The table contains two rows: 'test' (Deactivated) and 'DeepL API Key' (Active).

Name	API Key	Created on	Status
test	[REDACTED]	31 Ara 2024	Deactivated
DeepL API Key	[REDACTED]	2 Ağu 2024	Active

## 5-You will not see any api key, you need to create key.
